

Meeting Agenda

Date/Location: 05-sept.-2024 at 11:22 in CSE203

Information Updates/Reminders

=====

- * The next 6-8 weeks, we are going to work on a project.
- * Everyone should be able to use git, github wiki's, Trello, Discord.

Decisions Needed

=====

- * Decision about the **programming language** that the team will use in the project.
- * Decision about setting the **coding standard**.
- * Decision about selecting tools for **documentation**.

General Items

=====

- * Make a decision about which **programming language** will be used on our project.
- * Allocate one/two team members to check **coding standards**. They should come up with **at-least 2** coding standards.
- * Allocate one/two team members to check **documentation tool(s)**. They should come up with **at-least 1/2 tools** (with brief summary of the usage, advantages and disadvantages) for source code level documentation.
